International Conference on Novel Infrastructure Techniques (NITCon-2025)

29th – 30th January, 2025

Jointly organized by

Department of Civil Engineering | Narula Institute of Technology, Kolkata & Department of Civil Engineering | IEST, Shibpur

The International Conference on Novel Infrastructure Techniques, 2025 (NITCon – 2025) will be held during January 29th and 30th 2025 at Narula Institute of Technology, Kolkata, India. The purpose of the conference is to gather pioneering academicians and industry experts in the field of IoT and AI related to Civil Engineering, Earthquake Engineering, Sustainable Construction-Materials and Methods, GIS Application in Civil Engineering and Environmental Management. The conference offers a prime global platform for exchanging knowledge and findings addressing the impacts and challenges within each field. Its objective is to encompass a wide range of topics related to infrastructure in connection with Civil Engineering application. The conference aims to bring together leading academicians, scientists, research scholars, professionals, decision-makers and industrial practitioners to share and present their original research contributions.

Tracks of the conference:

1. Application of IOT and AI in Civil Engineering
2. Earthquake Engineering & Geospatial Technology
3. Sustainable construction Materials and Methods

* Topics of interest are not limited to the above
