

## **Industrial Visit report at ISRO**

**Department of Computer application** of Narula Institute of Technology organized an industrial visit for BCA and MCA students at Regional Remote Sensing Service Centre of Indian Space Research Organization (RRSC ISRO), Kolkata on 6th July 2015. The aim of the visit is to inform, educate and engage the students about the ongoing government effort to transform India into digitally empowered society.

Department of CA is being privileged to get invited by ISRO. 8 MCA students and 4 BCA students attended the industrial visit. Visit started with the theory classes followed by lab visit. Theory classes consists of Satellite Communication, different ISRO satellites and their activities, Water resource management using remote sensing, Demonstration of Bhvan Software.

BCA and MCA students along with the ISRO scientist.

Feedback of the students.

*“it was a great experience for me. Being student and future’s software engineer, I like to contribute something new for my nation which has never been thought so far.”*

..... Puspendu Biswas, BCA 3<sup>rd</sup> year.

*“We had the chance to interact with ISRO scientists who really inspired us. Specially, session on Remote sensing by Dr. Ajay Mondal was very interesting. Special thanks to Sajal Sir, we were accompanied by him which made us feel easy and he helped us to interact with the teacher’s of ISRO.”*

..... Kibria Dastagir Dafadar, MCA 3<sup>rd</sup> year
