

Industrial visit at EMT Megatherm Pvt by EIE department

Department of Electronics and Instrumentation Engineering has organised an industrial visit for the 3rd year students at EMT Megatherm Pvt. Ltd. on 16/2/16 and 17/2/16. A group of 32 students have visited to the industry dividing in two separate groups in each day. The aim of the visit is to give the students a glimpse of how Induction technology for melting of steel works. Students are also enlightened by the informative demonstrations of static frequency converter circuits, the PCB design techniques, the PLC and automation processes. The students are enriched by the visuals of transformer design and furnace sections.
