

Report on Inauguration of Bosch Rexroth Centre of Excellence-11th

March,2019

For the purpose of enhancement of knowledge in hydraulic and pneumatic systems and also to propagate research acumen, Narula Institute of Technology, a flagship college of The JIS Group hosted a very special program to inaugurate the JIS-Bosch-Rexroth Centre of Excellence at its campus on 11th March, 2019 from 10:30 a.m. onward in the NiT campus , Agarpara.

The program was graced by the Chief Guest, Dr. Michael Feiner, Consul General, Consulate General of the Federal Republic of Germany, Kolkata and Mr. Dharendra Gandhi, General Manager- Bosch Rexroth India Limited. Shri Taranjit Singh, Managing Director-JIS Group , Shri Amanjot Singh, Director- JIS Group, Prof.Dr. Maitreyi Ray Kanjilal, Principal and Ms Nidhi Singh, Registrar- Narula Institute of Technology were also present.

NiT has always been the forerunner in academics and to keep in pace with the changing technological advancement in the world of hydraulic and pneumatic systems, it has collaborated with Bosch-Rexroth of Germany, pioneers in this domain to culminate that dream into the making of the Centre of Excellence with research and training facilities. This centre is a kind of its own and boasts of the numerous facilities which are unique. The primary purpose will be to cater to the needs of research and development and training. Students, faculties and researchers will be benefited by the various training systems, which include eLearning Hydraulics as well.
