

NARULA INSTITUTE OF TECHNOLOGY
ELECTRONICS AND INSTRUMENTATION DEPARTMENT

EVENT IV

Event Name- : One day Invited talks on “Modern trends in sensor Interfacing and FPGA programming”

Venue- Seminar Hall, NIT

Time- 11:30 am to 3:30 pm

Date-19th April, 2013

Event Chairman:-

Prof (Dr.). J.K.Roy, Dean Academic & H.O.D (EIE), NIT

Invited speakers-

1. Prof. Palash Kundu, Professor, Jadavpur University, Electrical Dept.
2. Prof. (Dr). Amitava Das, DEAN(R&D), NIT

Audience – Faculties of EIE, ECE and EE department
2nd year and 3rd year students of EIE, ECE & EE, NIT

Topics of Discussion –

1. Brief discussion on “Recent trends in Smart Sensor interfacing”, “FPGA: Past Present and Future”
2. Discussion also followed on Data communication and topologies.
3. Motivated to do more innovative works.
4. Discussed about some of the daily life aspects of programming with FPGA and conversion to logic gates.
5. The guests also discussed about their Post Graduate projects, research experience and gave an assurance to the students to help them technically.
