NATIONAL CADET CORPS

The National Cadet Corps (NCC) is a premier youth organization in India that plays a vital role in grooming the character, discipline, leadership, and patriotic spirit among young students. It was formally established on 16th July 1948, following the enactment of the National Cadet Corps Act, under the Ministry of Defence, Government of India.

NCC is a tri-services organization comprising the Army, Navy, and Air Force wings, and is open to school and college students on a voluntary basis. It is one of the largest uniformed youth organizations in the world.

The motto of NCC is "Unity and Discipline", symbolizing its commitment to promoting national integration and developing a sense of teamwork and responsibility among the youth.

NCC cadets are trained in basic military drills, leadership activities, adventure sports like trekking and mountaineering, as well as social service and community development projects. It conducts various camps such as:

Annual Training Camps (ATC)
Republic Day Camp (RDC)
Thal Sainik Camp (TSC)
Nau Sainik Camp (NSC)
Vayu Sainik Camp (VSC)
Youth Exchange Program (YEP) with other countries

These activities not only build confidence, self-discipline, and leadership qualities in the cadets, but also foster a deep love for the nation.

NCC also plays a significant role during times of national emergencies and natural calamities, where cadets volunteer for relief operations and social welfare activities. Many former NCC cadets have gone on to serve in the Indian Armed Forces, civil services, and other key roles in society.

In essence, the National Cadet Corps is a powerful platform that transforms young citizens into responsible, resilient, and socially aware individuals, ready to contribute meaningfully to the development and security of the nation.

NCC in Narula Institute Of Technology

National Cadet Corps (NCC) at Narula Institute of Technology

The National Cadet Corps (NCC) unit at Narula Institute of Technology was established in the year 2021, marking a proud milestone in the institution's journey towards shaping disciplined and responsible citizens. What began with a modest strength of 50 cadets has grown into a vibrant and dynamic unit, deeply rooted in the core values of discipline, leadership, patriotism, and service.

Since its inception, the NCC unit has played a vital role in fostering a culture of unity and commitment among students. Cadets have consistently demonstrated excellence not only in drill practices and ceremonial parades, but also in various community service initiatives. These include tree plantation drives, blood donation camps, Swachh Bharat Abhiyan participation, awareness rallies, and disaster relief efforts — each contributing to the betterment of society and the development of cadets' civic sense.

Participation in camps, training programs, and inter-collegiate competitions has further enhanced the skills, confidence, and resilience of our cadets. Through the structured training offered by NCC, students imbibe critical life values such as teamwork, time management, discipline, respect, and national pride — shaping them into capable and conscientious individuals ready to contribute meaningfully to the nation.

The continuous support from the college management, Associate NCC Officers (ANOs), and dedicated instructors has been instrumental in the success and expansion of the NCC unit. Their guidance has enabled the unit to evolve into a symbol of integrity, perseverance, and excellence within the college.

At Narula Institute of Technology, the NCC is not just a co-curricular activity — it is a transformative journey that instills in students the spirit of service and leadership for life.

JAI HIND!

ANO'S MESSAGE

It is both an honor and a privilege to share a few words as the Associate NCC Officer of Narula Institute of Technology. The journey of the National Cadet Corps in our institution has been one of purpose, dedication, and service — a journey that continues to inspire and shape young minds.

The NCC is far more than uniforms, drills, and camps — it is a powerful foundation for character building, discipline, leadership, and nation-building. Our cadets consistently uphold these values through their actions, both on and off the parade ground.

Throughout the year, our cadets have actively taken part in numerous initiatives — from Republic Day and Independence Day celebrations to blood donation camps, tree plantation drives, awareness rallies, and the Swachh Bharat Abhiyan. Many have also successfully completed Annual Training Camps, and several have had the distinction of representing our unit at state and national levels.

Such accomplishments reflect the dedication, teamwork, and resilience of our cadets. I extend my heartfelt congratulations to each of them for their unwavering commitment. I also take this opportunity to thank our principal and college management for their constant encouragement and support in strengthening the NCC program.

To all cadets: wear your uniform with pride, act with integrity, and lead with courage. Let the NCC motto — "Unity and Discipline" — guide your actions as you grow into responsible and capable citizens of India.

Best Regards,
Flying Officer Sabir Ali
Associate NCC Officer
Narula Institute Of Technology

Jai Hind!

MESSAGES FROM OUR FUTURE LEADERS

Cadet Under Officer (CUO):

“From a curious cadet to CUO, my NCC journey has been one of discipline, dedication, and growth. Every challenge and experience have shaped me into a more confident and responsible leader, ready to inspire and guide others.” Jai Hind!!

CUO Antara Mishra

Cadet Warrant Officer (CWO):

“NCC has helped me grow not only physically and mentally, but also shaped me into a more confident, socially responsible, and patriotic individual. I feel truly honoured to wear the NCC uniform and will always carry its values with pride.” Jai Hind!!

CWO Mamta Panjiyara

Cadet Sergent (C/Sgt):

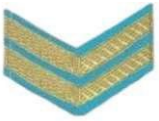

“NCC brought a powerful shift in me—it taught me to look at the same things with a new vision. The habit of complaining slowly turned into a will to act. From discipline to leadership, NCC has shaped not just my personality but also the way I see challenges as opportunities to grow, serve, and lead with pride.” Jai Hind!!

C/Sgt Diksha Kumari

Cadet Corporal (C/Cpl):

"Being a part of NCC has been a transformative journey. It has ignited in me a deep sense of discipline, leadership, and service to the nation. The experiences and lessons I've gained have not only shaped my character but also fueled my passion to serve with pride and purpose." Jai Hind!!

C/Cpl Tanisha Shaw

Leading Flight Cadet (LFC):

"Being a part of t he NCC has been one of the most transformative journeys of my life. It's not just about wearing the uniform — it's about living a life of discipline, courage, and service." Jai Hind!!

LFC Maitreye Cha opadhyay

EVENTS

Republic Day Celebration (26th January)

On 26th January, the NCC cadets of Narula Institute of Technology proudly participated in the grand celebration of Republic Day—a momentous occasion that commemorates the adoption of the Constitution of India and reaffirms our collective commitment to the democratic ideals of justice, liberty, equality, and

fraternity. The event commenced with the ceremonial hoisting of the National Flag, followed by the spirited rendition of the National Anthem, setting a tone of reverence and patriotism. Our cadets presented a disciplined and synchronized parade, showcasing their training, dedication, and respect for national values. The celebration also featured patriotic performances and speeches, delivered with passion and conviction, which captured the essence of unity in diversity and paid homage to the sacrifices made by our freedom fighters and constitutionmakers. The charged atmosphere of the day served as a powerful reminder to all cadets of their role as responsible citizens and future leaders. The event not only instilled a sense of national pride, but also deepened their understanding of the values enshrined in our Constitution— values that every cadet pledged to uphold with honesty, courage, and discipline.

TREE PLANTATION DRIVE (14th August 2024):

(As part of Independence Week Celebration | Theme: "Ek Ped Maa Ke Naam")

With an eye toward a greener and more sustainable future, the NCC cadets of Narula Institute of Technology organized a massive tree plantation drive on 14th August 2024, as part of the Independence Week celebration. Aligned with the national theme "Ek Ped Maa Ke Naam", this initiative was not merely about planting trees—it was a heartfelt tribute to motherhood, nature, and the motherland. Cadets planted a wide variety of indigenous saplings across the designated green zones within the college premises. This symbolic act represented not only environmental stewardship, but also gratitude and care, strengthening the bond between individuals and the natural world. Guided by the principle "Plant Today for a Better Tomorrow," the cadets also conducted an awareness campaign to highlight the crucial role of trees in combating climate change, reducing pollution, and maintaining ecological balance. Informational sessions and posters encouraged fellow students and staff to reflect on their personal responsibility toward preserving the environment. This initiative served as a powerful reminder that national service goes beyond uniforms and parades. By nurturing the planet, our cadets reaffirmed their commitment to protecting India's natural heritage and building a healthier, greener future for all.

INDEPENDENCE DAY (15th August):

It is a feeling, a legacy, and a reminder of the sacrifices that paved the path to our freedom. On the 15th of August, the NCC cadets of Narula Institute of Technology stood in proud formation to honor the spirit of patriotism and remember the brave souls who gifted us a free nation. With the national flag soaring high and the anthem echoing in every heart, the campus came alive with a wave of pride, unity, and discipline. The celebration began with the ceremonial hoisting of the National Flag, followed by a smartly executed guard of honor by the NCC cadets, reflecting the essence of dedication and military precision. Cadets delivered stirring speeches on freedom fighters and the responsibilities of today's youth in shaping the India of tomorrow. Cultural performances and patriotic songs added emotion and color to the ceremony, reminding everyone that freedom is both a gift and a responsibility. For the NCC

cadets, this day is more than a celebration—it is a renewal of their pledge to serve the nation with sincerity, discipline, and courage. Dressed in uniform, with eyes full of dreams and hearts full of resolve, the cadets of Narula Institute truly embodied the values that our freedom fighters stood for. This Independence Day was not just observed—it was felt deeply and proudly lived.

ALIPORE JAIL MUSEUM VISIT (29th Sept 2024):

The visit to the historic Alipore Jail Museum proved to be an eye-opening and deeply reflective experience for the NCC cadets of Narula Institute of Technology. Stepping into this iconic colonial-era structure—once a high-security prison that housed some of the most valiant freedom fighters of our nation—was nothing short of walking through the pages of India's struggle for independence. As the cadets moved through its narrow corridors, stark prison cells, and meticulously preserved exhibits, they were transported to a time when courage was defined by sacrifice, and hope was nurtured behind iron bars. The museum did not merely showcase history; it breathed life into the stories of revolutionaries like Netaji Subhas Chandra Bose, and many others, who faced unthinkable hardship for the idea of a free India. Through records of their incarceration, letters, and personal belongings, the cadets came face to face with a history of resilience and silent defiance. This immersive experience instilled in the cadets a renewed and heartfelt sense of duty—not only as future defenders of the nation in uniform but as responsible citizens who inherit the legacy of that hard-fought freedom. The Alipore Jail Museum stood not just as a relic of the past, but as a powerful educator—offering lessons in valor, patience, sacrifice, and unshakable patriotism that no classroom could impart. It was a day that stirred the spirit and reinforced the cadets' commitment to uphold the ideals that the freedom fighters once dreamt of and fought for.

Educational Visit to Victoria Memorial-22nd March 2025:

On 22nd March 2025, the NCC cadets of Narula Institute of Technology embarked on an enriching educational visit to the Victoria Memorial in Kolkata—an iconic monument that reflects both the grandeur of colonial architecture and the depth of India's historical journey. This visit was more than just a sightseeing tour; it was an exploration of India's colonial legacy and a reflection on

the transformation of Indian society over time. Within the majestic marble halls of the memorial, cadets explored a diverse range of galleries displaying rare paintings, historic maps, sculptures, and artifacts from the British era. Through this experience, cadets gained valuable insights into the socio-political context of colonial rule, the emergence of nationalist movements, and the struggles that paved the way for India's independence. The visit served as a powerful reminder of the nation's resilience and the sacrifices made by countless individuals in the fight for freedom. The architectural brilliance of the structure, the tranquil gardens, and the intellectual richness of its exhibits combined to make the visit both educational and thoughtprovoking. For many cadets, it was a moment of introspection and inspiration—a chance to connect with the past and understand their own role in shaping a better future for the nation. Activities like these are an integral part of NCC training, helping cadets become informed, responsible, and conscious citizens of India.

NATIONAL LIBRARY VISIT (25th Sept 2024):

On 25th September 2024, the NCC cadets of Narula Institute of Technology had the privilege of visiting the National Library, Kolkata—a premier institution and symbol of India's intellectual and cultural heritage. The visit offered cadets a unique opportunity to engage with rare manuscripts, historical

archives, government records, and literary treasures that span centuries of Indian and global history. Within the library's vast reading halls and meticulously preserved collections, cadets explored sections related to Indian independence, defense strategy, international relations, and biographies of great military and national leaders. This immersive experience not only

deepened their academic curiosity but also highlighted the strategic importance of knowledge for those aspiring to serve the nation. Cadets recognized that books are more than repositories of facts—they are silent carriers of ideas, tools of policy-making, and guardians of truth. In an era increasingly driven by digital content, the library served as a powerful reminder of the enduring value of the written word. The visit reignited a thirst for learning, encouraging cadets to embrace reading as a path to personal development, leadership, and national service. It also reinforced one of the core NCC values—that true strength lies not only in physical ability, but also in informed thought and intellectual discipline. Such educational visits remain an integral part of NCC training, shaping cadets into aware, knowledgeable, and future-ready citizens.

SKIT FIRING TRAINING (14th MAY 2025):

As part of their basic weaponry training, the cadets undertook skit firing exercises—carefully structured drills designed to build muscle memory, precision, and firearm familiarity. The sessions were conducted under strict supervision to ensure safety, focus, and technique. Through multiple rounds of practice, cadets developed a foundational understanding of trigger discipline, body posture, and target assessment. The experience also highlighted the importance of calmness under pressure, a trait essential in military and crisis situations. For many, it was their first real interaction with firearms, and it left a lasting impression of responsibility and the gravity that comes with holding a weapon. Skit firing was not just about hitting a target; it was about hitting the mark of discipline, control, and mental sharpness.

RANGE FIRING TRAINING:

Taking their training to the next level, cadets engaged in range firing with live ammunition—an advanced drill that demands precision, timing, and complete mental focus. The air was tense with anticipation as cadets aligned their sights, adjusted their breathing, and fired rounds at designated targets. Beyond the technical aspects, this exercise helped cadets build situational awareness, trust

in command, and adherence to safety protocols. It emphasized how marksmanship is not merely a skill but a responsibility. Through this immersive exercise, cadets gained practical confidence in handling firearms and understanding the real-life scenarios they may one day face in defense service. Each bullet fired was a lesson in restraint, preparation, and professionalism.

Participation in All India Vayu Sainik Camp (AIVSC-2024)

Location: Bengaluru | Dates: 27th September to 7th October 2024

The Vayu Sainik Camp (VSC) is one of the most prestigious national-level platforms for Air Wing cadets under the National Cadet Corps (NCC), offering advanced exposure to aviation-related training and defense preparedness. The participation of six cadets from Narula Institute of Technology in the VSC 2024, held in Bengaluru from 27th September to 7th October 2024, was both a moment of pride and a testament to the commitment and excellence of our NCC unit.

Representing the West Bengal & Sikkim Directorate, our cadets joined top performers from across the country in this elite and intensive training program. The camp featured a wide array of high-level activities including advanced aeromodelling, flight simulations, navigation exercises, weapon training, and expert lectures on aviation and national defense.

Beyond the technical rigor, the camp emphasized discipline, leadership, time management, and mental resilience—essential traits for any future leader. It also fostered a deep sense of camaraderie and national integration, as cadets lived and trained with peers from different states, languages, and cultural backgrounds, united under one identity—NCC. The experience broadened the cadets' horizons, reinforced their aspirations to serve in the Indian

Air Force, and enriched their understanding of teamwork and service to the nation. The memories and lessons from VSC 2024 will remain a defining chapter in their NCC journey.

BIRLA PLANETARIUM VISIT (18th Nov 2024):

The NCC cadets of Narula Institute of Technology visited the Birla Planetarium to explore the wonders of space science and astronomy. The experience was both educational and inspiring, offering cadets a closer look at celestial bodies, planetary systems, and cosmic events through a fascinating dome theatre show.

The immersive presentation introduced them to concepts like star formation, the solar system, and India's space advancements,
leaving a lasting impact on young minds. It encouraged scientific thinking, curiosity, and a sense of wonder about the universe. This visit highlighted the importance of knowledge beyond textbooks and served as a reminder that discipline and curiosity go hand-in-hand in the making of a well-rounded cadet.

MH ATTACHMENT CAMP (2nd-13th Nov 2024):

The Military Hospital attachment was a rare learning opportunity for NCC cadets to witness the backbone of the armed forces—their medical units. Held in a disciplined hospital environment, the cadets learned about the structure, functioning, and importance of medical preparedness in the defense sector. They observed patient care, trauma

management, first aid procedures, and the protocols followed in emergencies. Cadets also participated in interactive sessions where they were taught about battlefield injuries, evacuation methods, and military-grade health practices. More than just clinical exposure, the attachment instilled empathy, presence of mind, and crisis management abilities in the cadets. It reminded them that service is not just about the battlefield—it's also about healing, helping, and standing beside those who serve. The experience broadened their understanding of how every role in the armed forces—combat or support—is vital to national defense.

ALL INDIA TREKKING CAMP:

Location: Namchi, Sikkim | Dates: 20th December to 28th December 2024

Adventure, endurance, and exploration marked the spirit of the All India Trekking Camp held in Namchi, Sikkim, from 20th December 2024 to 28th December 2024, where cadets from across the nation came together to navigate challenging terrains and foster a deep sense of national integration. Representing with pride and determination, the girl cadets of Narula Institute of Technology actively participated in this demanding expedition.

Through steep climbs, long treks, and unpredictable weather conditions, the trek tested not just physical stamina, but also mental resilience, teamwork, and willpower. Living with minimal resources and adapting to the unpredictability of nature, the cadets learned valuable lessons in survival, coordination, and self-discipline.

More than just a physical journey, it was a transformative experience—where stories were exchanged, songs echoed through the hills, and diverse cultures intertwined, truly celebrating the unity in diversity that defines India. Every sunrise witnessed from the ridges of Sikkim was a powerful reminder of the strength it takes to rise, persevere, and grow. The bonds formed, the fears conquered, and the landscapes embraced made this trek not just memorable—but truly life-shaping.

Rock Climbing & Nature Study Course

(28th January to 2nd February 2025 | Bero Hills, Purulia)

As part of its regular adventure-based training curriculum, the NCC unit of Narula Institute of Technology successfully organized the annual Rock Climbing and Nature Study Course from 28th January to 2nd February 2025 at Bero Hills, Purulia. This activity forms a vital component of the NCC's commitment to developing

physically fit, mentally strong, and well-rounded cadets. The course was not merely an outdoor excursion—it was a transformative experience designed to push cadets beyond their comfort zones. Through rock climbing, cadets learned to conquer fear, improve focus, and build selfconfidence. Every climb demanded trust in one's abilities and teamwork, essential qualities for any NCC cadet. Cadets received hands-on training in climbing techniques, including knottying, safety protocols, belaying, and rappelling, all under the supervision of experienced instructors. The activity enhanced their ability to make quick decisions under pressure, work cohesively as a team, and adapt to challenging natural environments. This course also included nature study elements, helping cadets develop a deeper appreciation for the environment and reinforcing the importance of conservation and ecological awareness. By the end of the course, many cadets who began with uncertainty emerged with a newfound sense of achievement and confidence. The view from the summit served not just as a reward for their physical effort, but as a symbol of their inner strength, discipline, and determination. Such activities are a testament to the NCC's role in shaping resilient, resourceful, and responsible youth, prepared to serve the nation in every possible way.

SPORTS ACTIVITY:

The spirit of sportsmanship came alive as NCC cadets of Narula Institute took part in the much-anticipated Khel 8 tournament—an inter-institutional celebration of fitness, agility, and teamwork. Representing their unit, cadets participated in a variety of events ranging from track and field to football, volleyball, and team-building exercises. With each event, cadets demonstrated not just their physical prowess but also strategic thinking, cooperation, and leadership. The competition was fierce, but the camaraderie was stronger. The field became a ground for learning—how to lead, how to follow, how to win with humility, and how to lose with grace. Khel 8 wasn't just a tournament; it was a mirror reflecting the unity, energy, and potential of India's youth. It reminded every cadet that fitness is not a choice but a necessity, and discipline learned on the field echoes in every walk of life.

PARASAILING ADVENTURE:

The thrill of parasailing was an unforgettable chapter in the training journey of the NCC cadets. Suspended hundreds of feet above the ground, tethered to parachutes soaring through the sky, the cadets experienced freedom in its purest form. Each takeoff was met with a mix of nerves and excitement, but once in the air, all hesitation

turned into exhilaration. This was more than an adventure—it was a flight into fearlessness. The activity, conducted under professional supervision and strict safety protocols, taught cadets trust—trust in their training, equipment, and above all, themselves. It helped them understand that overcoming mental barriers is as important as physical endurance. For many, it was a defining moment of courage, and for some, the beginning of an unbreakable bond with the sky. Parasailing symbolized what the NCC spirit is truly about: rising above limitations, literally and metaphorically.

PRE-VAYU SAINIK CAMP (PRE-VSC) 2025:

The Pre-VSC II was a crucial preparatory stage for cadets aspiring to qualify for the prestigious Vayu Sainik Camp. Selected cadets from Narula Institute participated with high energy, dedication, and focus, as they were groomed through intensive training in the fields of aeromodelling, navigation, aviation theory, drill, and physical endurance. The camp was structured to simulate the real challenges of VSC and evaluate cadets based on discipline, leadership qualities, and presence of mind. Beyond the physical drills, cadets engaged in teambuilding activities, group discussions, and knowledge-sharing sessions that brought cadets from different units together. It wasn't just a test of skills—it was a test of character. Every obstacle they overcame during the camp brought them one step closer to not only qualifying for VSC but also becoming exemplary Air Wing cadets. The experience sharpened their vision and inspired many to pursue future careers in the Indian Air Force.

FLYING EXPERIENCE:

Few experiences match the thrill of taking to the skies, and the cadets of Narula Institute were fortunate to live that moment through the flying activity organized under NCC Air Wing

protocols. The cadets received first-hand exposure to basic flying operations—be it through observation in powered aircraft, glider briefings, or simulator-based sessions. For many, it was their first brush with aviation from such proximity, and the excitement was palpable. This experience offered a unique perspective on aerodynamics, aircraft instrumentation, safety checks, and radio communication. But more than the technical aspects, it was the view from above that left a mark—the endless sky reminding them of their limitless potential. The activity sowed dreams of donning the blue uniform, serving the nation from the clouds, and defending its airspace. It was both an aspiration and an affirmation of their capabilities.

INTERNATIONAL YOGA DAY:

On the occasion of International Yoga Day, the cadets of Narula Institute gathered at dawn to engage in the timeless practice of yoga, embracing India's ancient wisdom for modern well-being. The serene atmosphere of the college grounds provided the perfect backdrop as cadets followed a structured sequence of asanas, breathing techniques, and guided meditation. Under the supervision of trained yoga instructors, the cadets were taught not just the postures, but the philosophy behind them—of balance, stillness, and inner discipline. The session was more than a physical workout. It was a spiritual alignment that helped cadets connect body, mind, and soul. In an era of constant noise and distraction, yoga provided them a calm space to reflect, reset, and refocus. The event reinforced that true strength is not just in the muscles, but in a calm mind and a centered self—qualities that every future leader must cultivate.

AIR FORCE ATTACHMENT CAMP:

Location: Air Force Station, Kalaikunda | Dates: 7th to 18th July 2025

The AFA attachment was an inspiring journey into the heart of Indian military aviation. Selected cadets from Narula Institute were given the rare opportunity to visit the prestigious Air Force Academy, where future officers of the Indian Air Force are trained. Walking through the training grounds, watching the parade squares, aircraft simulators, and lectures in action, cadets got a real taste of what it means to train for the skies. This attachment was not just a tour—it was an immersive experience. From observing air traffic control to witnessing the rigorous routines of flying officers in training, cadets developed a deeper appreciation for the responsibility, commitment, and technical expertise required in the air force. The structured interaction with officers and cadets at AFA opened new horizons, strengthened their resolve, and fueled their ambition to aim higher—not just literally, but in every aspect of life.

DRONE TRAINING (14th to 23rd July 2025):

The NCC cadets of Narula Institute of Technology had the opportunity to undergo a comprehensive Drone Training Program, an initiative designed to introduce them to the rapidly advancing field of unmanned aerial systems. This training combined both theory and hands-on sessions, allowing cadets to understand drone components, flight principles, airspace regulations, and operational safety. During the course, cadets practiced flying drones, learning how to control movements, capture aerial footage, and respond to situational challenges. They also explored real-world applications of drone technology in defense surveillance, border management, disaster relief, and environmental monitoring. This experience not only sharpened their technical aptitude but also instilled confidence in handling emerging technologies. The drone training was a perfect example of how NCC is

evolving with time—preparing cadets not just physically and mentally, but also technologically for the future. For many, it sparked a new interest in aerospace, defense innovation, and national service through digital excellence.

RANK PROMOTION CEREMONY (15th July 2025):

The Rank Promotion Ceremony at Narula Institute of Technology was a proud milestone in the journey of our NCC cadets. The conferring of new ranks symbolizes not just hierarchy, but the recognition of consistent effort, leadership potential, and unwavering dedication to the corps. As the cadets stood tall in uniform and received their chevrons, it marked the beginning of greater responsibilities and a higher standard of conduct. These promotions were not handed out—they were earned through months of drill perfection, theory excellence, punctuality, physical training, and overall contribution to the unit. The newly ranked cadets now stand as role models for their juniors, bearing the torch of discipline and commitment. The event also served as a moment of inspiration for all cadets—showing that in NCC, growth is always possible through hard work, honesty, and heart.

DURAND CUP – FIRST MATCH (23rd July 2025):

The NCC cadets of Narula Institute had the unique privilege of attending the first match of the legendary Durand Cup, Asia's oldest football tournament and a symbol of India's sporting heritage. Marching proudly in their uniforms, the cadets witnessed not just a game, but a spectacle of passion, perseverance, and patriotism. Their presence represented NCC's close bond with Indian sports and military tradition, given the tournament's origin in the Indian Army. The electric energy of the stadium, the roar of the crowd, and the discipline of the teams on the field deeply resonated with the cadets. It reminded them that the values upheld in sports—teamwork, endurance, respect—are the same values upheld in the armed forces. The event became an opportunity for the cadets to observe excellence, be inspired by it, and carry that same fire into their own endeavors.

ACHIVEMENTS/AWARDS

CUO Priyanshu Raj Roy

Attended All India Vayu Sainik Camp (AIVSC 2024) at Bengaluru from 26th September 2024 to 7th October 2024.

Attended Air force Attachment camp in Air force Station, Kalaikunda from 7th to 18th July 2025.

CUO Antara Mishra

Attended All India Trekking Camp in Namchi, Sikkim from 20th to 28th December 2025.
