Alumni Meet

Importance of Alumni in an Educational Institution

Students, present, and past both are vital and unique for an institution or university. It is common to lose track of most students after they proceed on their various careers, but tracking them all would be a huge task on any institution's part. But it is essential and urgent. Why? Because they carry the institution's reputation, which relies in large part on how successful students are in the real world. This process is self-feeding as well. If an institution becomes well known for producing graduates or postgraduates that are intelligent, innovative, and effective in their fields, then its reputation will grow. New students will have better job prospects because they went to a well-known institution, and the process will continue and cumulative.

Alumni also help to maintain smooth running of the institute through funds, donations and volunteerism. It requires a lot of money to keep an institute to run on its feet, and a big chunk of that comes from alumni donations. Sometimes, large donations allow institute or universities to provide students with newer technology, better facilities, and a nicer campus—which in turn keeps universities competitive and appealing. A key factor in college and university rankings is the amount of active alumni participation in institutes or universities. This isn't surprising, considering an active alumni base generally indicates that past graduates feel like they had a quality educational experience. Attending a school with very active alumni also often encourages current students to remain involved and active after graduation, once more perpetuating a good cycle. To encourage alumni participation, universities often honour successful alumni. Keeping in close contact with, and continuing to recognize alumni for their excellence is one of the surest ways for institutes and universities to both cultivate their community, reputation, and continue to receive monetary support from alumni.

Trip down the Memory Lane

We are pleased to have organised a wonderful and memorable 6th Alumni meet-Nostalgia, 2k19(A trip down the memory lane) on 22nd December, 2019 from 12 noon onward at Narula Institute of Technology, Agarpara, Kolkata. The date and time of the meet was informed and publicised through social media and beforehand preparations were made for the success of the meet.

The gala event was started with cultural performances by our alumni as well as current students followed by cake cutting ceremony by the dignitaries, along with Alumni Association President, Ms. Sagarika Chowdhury, Secretary, Mr. Abhijit Ghosh along with the Alumni, faculty members, office staff and student volunteers.

Most of the Alumni were visiting their Alma mater after a long time and naturally were thrilled to be back in the campus again. Some of them attended the meet with their children and spouse as well. The occasion was graced by about 470 Alumni from last 14 batches.

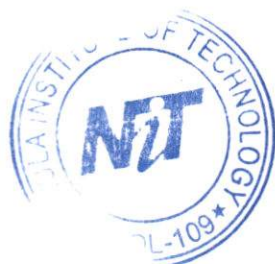

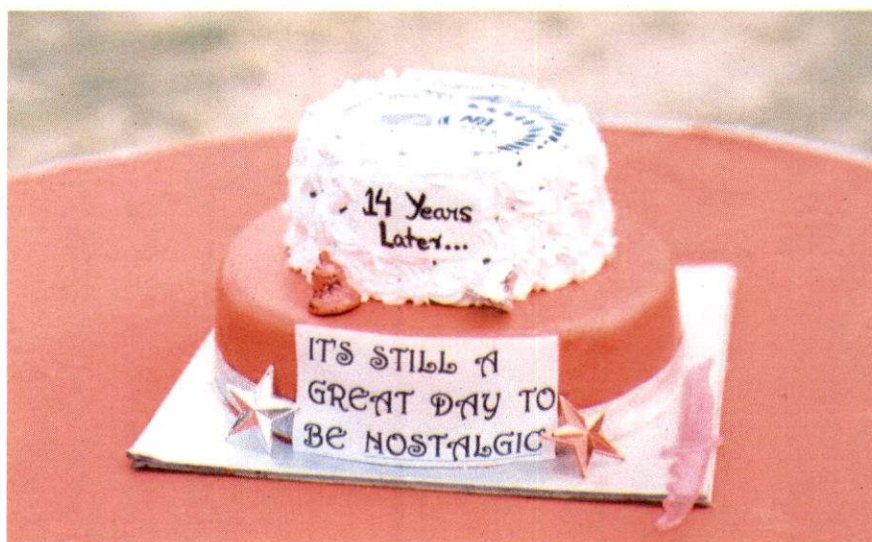

At the lunch, great bonhomie was observed everywhere with old students reliving their old memories with their batch mates, seniors and juniors. After Lunch the alumni member interacted with the departmental faculty member and HOD. In addition to this they have interacted with present students of the department. It has been found that the discussion was very fruitful, recent of the industries where discussed with future scope. There was a lab visit session where all the newly procurement equipment was demonstrated to alumni members. In all, the ambience was electric with people seen chatting and enjoying themselves in groups.

The event was also entertained by the DJ and the students danced and enjoyed. The Student volunteers also shared small gifts to little children who came with their parents.

The Meet ended with a sweet hope of Meeting again with the Alumni next year.

Few glimpses of the event are attached herewith.

Some Memorable Moments

The Meet ended with a sweet hope of Meeting again with Alumni next year. NiT looks forward for a greater partnership with the Alumni in the days to come.

Alumni Interaction 2019**

Reported by Swantana Sarkar Ghosh, Works at IBM India as Application Developer

6th August, 2019, Electronics and Communication Engineering Department, Narula Institute of Technology, under the three weeks orientation programme "Swagatam 2K19" for the first year students was organised.

Every year the institution conducts orientation programme for the newly admitted students to ensure their smooth intake; familiarise with the institution's facilities, norms and cultures and to inform students about the exciting world of technology and management.

Sessions from renowned Alumni from ECE Dept was also a part of the orientation programme through which students were able to engage their passions, challenge their beliefs, and continue to grow intellectually, socially, and emotionally. The parents were also introduced to the different aspects of our college along with the formal introduction with the respected Principal, Registrar and HODs.

Around 100 number of students including faculty Members and Technical Staffs participated in the event. The session was highly interactive with the speaker and participants.

Followings are some of the glimpses of the event.

Alumni Meet-EIE Department Narula Institute of Technology
12th May 2020**

An Alumni meet has been organized by EIE Department on 12th May 2020. The pass out students of 2018 and 2019 batch was invited in the program to cherish the memories of their golden days spent in the college. They were very much excited to meet all the classmates and the faculties and staff of the department also. The students are now engaged in their own working fields and everybody is well-established. They have shared their work experiences and also the present scenario of the MNCs regarding the job market and upcoming situations in the IT sectors. Some students are involved in higher studies and living in different states. They have also shared their conditions and the ongoing processes of the academic activities of the universities out of the states. Other than all these serious conversations, they have done some cultural activities such as singing, recitation, etc. The nostalgia and various funny moments also came out through this alumni meet.

Report on Webinars from Alumni Corner 2nd and 3rd May 2020 organized EIE Department

The Department of EIE department has conducted two webinars from the Alumni corner on 2nd May at 8 PM and 3rd May 2020 at 11 AM.

Ms. Sinjini Pal, Senior Analyst, Accenture, Kolkata have given deliberation on "**Latest insights of IT Industry**". She has given a detailed insight into IT Industries about the demanding technological advancements. She also emphasized the key skills required to be prepared specially to face the economical crisis in this lockdown situation from 1st to fourth-year students.

Mr. Soumyajit Ghosh, Project Engineers, HiTech Insulators Pvt Ltd have talked about **INDUSTRIAL AUTOMATION** in the core industry. Students were very happy to see the technological advancements in the production sector of the country. He has conducted Virtual tours of many Automation industries in Ahmedabad, Pune, Noida areas. He has shown the important processes which are very important for any student of EIE, EE, and ME for joining the core sector.

REPORT ON Alumni Lecture 2020 IT Department Narula Institute of Technology 10th May, 2020

The department of IT, Narula Institute of Technology organised a webinar session on **Financial Intelligence** on 10th May, 2020. The speaker of the session was Mr. Babej Chattoraj, Assistant Manager, Reliance Jio Infocomm Limited, alumni, batch of 2017, IT. The webinar was attended by more than 50 students from different years and faculties from numerous departments.

The topic itself is something different which is not taught but need pretty much in our daily life once we become financially independent. He started with what is finance and management of wealth. He described terms such as asset, wealth, liability, money and it's types, equity, cashflow, risk, etc. Then he talked about debts and it's types. Besides providing the students with a thorough understanding into financial intelligence he also talked about his college days, and how to prepare oneself for professional life. The entire session was a very interactive one. Students had a lot of questions which were answered. The meeting ended with a vote of thanks by the head of the department Dr. B.K. Medya.

Alumni Meet-ECE Department Narula Institute of Technology 31st March 2020

An Alumni meet has been organized by ECE Department on 31st March 2020. The pass out students from 2005 to 2019 batch was invited in the program to cherish the memories of their golden days spent in the college. They were very much excited to meet all the classmates and the faculties and staff of the department also. The students are now engaged in their own working fields and everybody is well-established.

Report on Webinar

"Creation of ChatBot using AWS, by Mr. Sourav Majumder,
Alumni ECE Narula Institute of Technology

16th April, 2020

The Department of Electronics and Communication Engineering, Narula Institute of Technology has conducted a **Webinar Session on "Creating ChatBot using AWS" on 16th April 2020 at 6.00 PM.**

The webinar was presided over by **Mr. Sourav Majumdar, Alumni, Electronics and Communication Engineering, Narula Institute of Technology. He is a senior person in the field of project and program management. He currently works as senior project manager at Wipro Technologies.** He has travelled globally and dealt with various international clients. He also has certification in Project Management, Amazon Web Services (AWS) cloud, Google cloud and Azure cloud. More than 30 students along with faculty members actively participated in the session through Zoom platform.

The webinar has started with the inaugural welcome speech of Mr. Sourav Majumdar. He gave an introductory speech on Building Chatbot using AWS and continued with the session of potential job opportunities in this field. During his speech he briefly explained the basic essential concepts of cloud computing and its various aspects. He provides the interactive brainstorming session for the students, faculty and staff to have a better understanding of the future of cloud computing in India. He has discussed the notion of cloud computing, its history, benefits, examples, essential characteristics, architecture, cloud models, Pros and Cons. He gave a detailed description on AWS cloud which is a very essential part of this lecture. He has also provided hands-on building Chatbot using Amazon Lex.

The session was very inspiring and motivating for students and everything was explained in a proper and beautiful manner that cultivates the minds of people with lots of knowledge and profound concepts.

The pictures are enclosed herewith for your kind perusal.

REPORT ON Alumni Lecture 2020 IT Department Narula Institute of Technology 2nd May, 2020

The department of Information Technology, Narula Institute of Technology organised a webinar session on "E=m.c Engineering your way" with Mr. Aritra Pramanick, Marketing Lead, AllGoVision Technologies on 2nd May, 2020 at 7pm on the zoom platform.

The speaker started the session in a very interactive fashion. Mr. Pramanick showed various pictures and asked questions related to those pictures. Once he grabbed the interest of the audience he gradually delved into the topic. He advised students on how to make engineering a comfortable ground. He also advised the students on how to face the campus recruitment process and how to handle the rejections. He also emphasized on the technicalities that is to be kept in mind during any interview.

The session received an overwhelming response from the students. The participant count ranged up to 70. The entire session was an interactive one and continuous communication between the speaker and the students continued. The session ended with the vote of thanks by Prof.B.K.Medya.
