Award ceremony "NiT Jewels" to praise and encourage the academic achievements

Awards are always special and people who win them are equally special. Giving awards is a way through which we show our respect to those who excel in their own fields.

Narula Institute of Technology had its award show entitled as "Nit Jewels" on 3rd August, 2019 at the institute seminar hall where students and teachers were honoured for their excellent performance and work which they did for years.

Along with that we also had categories for Culture, Sports, Technology and students who have proved themselves were the winners. Nothing is more important than education, without education we cannot be a good citizen of our country. Our Institute motivates every student, every topper by giving them awards for Academic excellence. Every field, every work, every person working at different levels is important and we acknowledge that, to show our gratitude we had different categories for awards like "ACADEMIC EXCELLENCE", "RESEARCH ACCOMPLISHMENT", "TECHNICAL INNOVATIONS", "CULTURAL EXUBERANCE", "SPORTS CALIBRE", "LITERARY PROWESS" and "COMMUNITY CONNECT EFFORT". Royal blue is the colour which reflects strength and keeping this in mind we have an award category named as "NIT BLUE". **Debaratri Mitra was the winner of NiT BLUE** and she was really our institute's Sapphire, the most precious blue gem. Without cultural performances our award show couldn't have seen the face of success, a big thank you to every performer who showcased their beautiful and mesmerising talents in the field of Dance, singing and literature.

Some glimpses of the event are attached herewith.
