# NATIONAL SERVICE SCHEME (NSS)

The National Service Scheme (NSS) was officially started in the year 1969, to establish a meaningful linkage between the campus and the community. The vision is to build the youth with the mind and spirit to serve the society and work for the uplift of our country as a movement.

• Social services are a range of public services provided by any national or regional government organization for its residents, including such things as health care, public housing, social care and social security.

• According to Web definition, it is an organized activity to improve the condition of disadvantaged people in society.

• According to Merriam Webster, „Social service is an activity designated to promote social well-being specifically organized Philanthropic assistance to disadvantaged".

After independence the University Grants Commission, headed by S. Radhakrishnan, recommended the introduction of voluntary national service in academic institutions. This idea was again considered by the Central Advisory Board of Education (CABE) at its meeting in January,1950. Mahatma Gandhi, the Father of the Nation, had recognised that the country could not progress in a desired direction until the student youth were motivated to work for the upliftment of the villages/community. For Gandhiji, the villages, where majority of the population living, represent the country. Therefore, for the national reconstruction and national resurgence it was deemed fit that the students and teachers should be properly sensitised and utilised for strengthening the Indian society as a whole with particular emphasis on rural community. Therefore, student youth, teachers and the community are considered as the three basic components of the

National Service Scheme. After examining the idea and the experiences of other countries in this field, the board recommended that students and teachers should devote time to voluntary manual work. In 1958 Jawaharlal Nehru, in a letter to the chief ministers, considered the idea of social service as a prerequisite for graduation. It was directed the Ministry of Education to formulate a suitable scheme for the introduction of national service into academic institutions. The Education Commission (headed by D.S. Kothari from 1964–1966) recommended that students at every stage of education should be associated with some form of social service. In a government statement of national policy on education, it was stated that work experience and national service should be an integral part of education. The National Service Scheme has been functioning with the motto "NOT ME BUT YOU" in view of making the youth inspired in service of the people and hence NSS Aims Education through Community Service through Education.

Social services are a range of public services provided by any national or regional government organization for its residents, including such things as health care, public housing, social care and social security. According to Web definition, it is an organized activity to improve the condition of disadvantaged people in society. We stay true to our mission by realigning our wide-ranging roles with five new strategic thrusts to better meet tomorrow"s social needs. Expanding on our responsibilities as a membership body, we strive to be the voice of the sector and an advocate for underserved needs. We enhance social services, pioneer innovative programs, improve service delivery and efficacy, and increase corporate and community engagement to match capabilities and needs. Our multidirectional efforts to raise capabilities, mobilize resources and provide funding to scale up the sector's competencies have a key goal in mind – assisting our members to create lasting positive impact. Therefore, for the national reconstruction and national resurgence it was deemed fit that the

students and teachers should be properly sensitized and utilized for strengthening the Indian society as a whole with particular emphasis on rural community. Therefore, student youth, teachers and the community are considered as the three basic components of the National Service Scheme.

**Vision:**The vision is to build the youth with the mind and spirit to serve the society and work for the uplift of our country as a movement.

**Purpose:**To ensure that every person has the opportunity to live a life of dignity to his or her fullest potential within society.

**Mission:**To provide leadership and direction in social services, enhance the capabilities of social service organizations, and promote strategic partnerships for social services. The National Service Scheme has been functioning with the motto “NOT ME BUT YOU” in view of making the youth inspired in service of the people and hence NSS Aims Education through Community Service through Education.

**Objectives of NSS:**

- To develop confidence for self-education for lifelong learning of advancements being happened around the world.
- To understand the community in which they work
- To understand themselves in relation to their community
- Identify the basic needs and problems of the community
- Develop among themselves a sense of civic responsibility
- Develop competence required for group living and responsibilities
- Gain skills in mobilizing community participation
- To acquire leadership quality
- To develop capacity to meet emergencies
- Practice national integration and social harmony.
- To exhibit the professional knowledge and accepting ethical responsibility to the problems of industry and society.
- To develop professional, ethical attitude, team building skills and multi-disciplinary approach to demonstrate the ideal behavioral qualities while leading the team for deriving maximum productivity.
- To develop consciousness in the issue of social concerns and enabling students to upgrade their personality and experience through community services to have a meaningful linkage between the Institution and Society

# NSS SYMBOL

**The EIGHT BARS IN THE WHEEL represent the 24 Hours of a day.**

**The RED colour indicates, active, energetic and full of high spirit.**

**The NAVY BLUE colour indicates the cosmos of which the NSS is, tiny part, ready to contribute its share for the welfare of the mankind.**

**Core Values** PASSION We are driven to help make a difference in the lives of the people we serve. PEOPLE We enable the people we serve, our volunteers and staff to realize their fullest potential. PRODUCTIVITY We pursue excellence through continuous learning and improvement. PARTNERSHIP We engage in „win-win" partnerships always for the benefit of the people we serve.

**Why Technical Persons Intended to do Social Service?**

- In any developmental work people are the most important stakeholders. It is so because of the fact that all developments need to help some targeted population, be it in the realm of health, education, water supply, drainage/sewerage or any other engineering facts.
- Engineers per say one of the major couriers right from the post-independence era.
- Growing influence of globalization and participation of all the development stakeholders has been more pronounced.
- In any kind of developmental process, careful and specific planning to help the stakeholders both from the angle of participation and implementation.

- Today with the rapid advancement of ICT, this need has become manifold. The actual implementers need to know both the environment and population in a holistic manner.
- In today's world, this is most important because the executors must learn toknow and analyze the actual ground reality from a better return to the society.

**Typical NSS projects which are conducted within college Campus are as follows:**

1. Tree plantation
2. Plastics eradication from college campus
3. Literacy classes
4. AIDS Campaigning Workshop

**The students of Narula Institute of Technology are also involving in different types of social work such as**

- To plant trees inside college campus and their home.
- Making Fast aid box
- Making different things using waste material- Waste management.
- Designing flex for laboratory.
- Writing moral & great people stories and making different posters regarding awareness of Anti-Smoking, Anti-Ragging, Global Warming, Anti-Dowry etc.
- Modeling of Thermal Power Plant.
- Surveying nearest slum area & preparing a report of their educational and social status:

➢ How many people of the area are primary educated or doing higher studies?
➢ How many of them are suffering from fatal & acute disease?
➢ Number of members in each family & so on.

➢ All these activities are done in a group. Every group has group leader & progression of work is informed by the group leader.

# UNITY FOR LIFE: A BLOOD DONATION CAMP

## NIT, AGARPARA| SEPTEMBER 2, 2022

**Objective of the Event:** The objective of a blood donation camp is to collect blood voluntarily from healthy individuals in order to meet the demand for blood and blood products in medical treatments, surgeries, emergencies, and various healthcare situations. Here are some specific objectives of organizing a blood donation camp.

**Number of Participant:** 125

**Description of the program:**

The National Service Scheme (NSS) unit of Narula Institute of Technology, in collaboration with SSKM Hospital, conducted a significant Blood Donation Camp on September 2, 2022. This joint initiative aimed to address the critical need for blood while fostering a sense of community responsibility among the participants. Meticulous planning preceded the event, involving close coordination between the NSS unit and SSKM Hospital. The collaboration ensured the availability of medical professionals, equipment, and infrastructure, creating an environment conducive to successful blood donation.

The blood donation camp commenced at 11:00 AM and continued until 4:00 PM, drawing the active participation of students, faculty, and staff. The joint effort between the college and the hospital facilitated a smooth process from registration to blood donation. A total of 125 donors willingly contributed, underscoring the success of the event.

The inclusion of SSKM Hospital resources significantly enhanced the efficiency and credibility of the blood donation camp. The 125 donors who participated made a substantial contribution to local blood banks, potentially saving numerous lives. The success of this collaborative initiative emphasized the positive outcomes achievable through

partnerships between educational institutions and healthcare providers.

Gratitude is extended to all participants, including the donors, volunteers, and medical professionals from both Narula Institute of Technology and SSKM Hospital. Their collective efforts ensured the success of the blood donation camp.

The Blood Donation Camp organized by the NSS unit of Narula Institute of Technology in collaboration with SSKM Hospital on September 2, 2022, stands as a testament to the impact achievable through community collaboration. The event not only met its objective of addressing the need for blood but also fostered a spirit of communal responsibility and shared welfare.

The success of this collaborative blood donation camp serves as inspiration for future initiatives. The NSS unit aims to explore additional opportunities for joint efforts with healthcare institutions, ensuring a sustained commitment to community well-being.

Outcome of the Program: Encouraging voluntary and repeat donations is a positive outcome. Building a community of regular donors helps maintain a consistent and reliable blood supply over time.

# CLOTH DISTRIBUTION DRIVE

## NIT, AGARPARA| AUGUST 18, 2022

Objective of the Event: The Cloth Distribution Drive organized by the NSS unit of Narula Institute of Technology on August 18, 2022, aimed to provide clothing assistance to the needy and underprivileged individuals in the nearby society. The primary goal was to contribute to the well-being of the community by addressing a basic necessity – clothing.
Number of Participant: 123
Description of the program:

NSS unit of Narula Institute of Technology conducted a needs assessment to identify individuals and families in the nearby society who were in need of clothing assistance. A donation boxes were placed strategically across the institute to collect clothing donations from students, faculty, and staff. A week-long collection drive was conducted to gather a substantial amount of clothing items.

Volunteers sorted and inspected the donated clothing items to ensure they were in good condition.
Damaged or unusable items were separated for appropriate disposal or recycling.

The NSS unit collaborated with local community leaders to identify the most deserving recipients of the clothing assistance.
A distribution plan was developed to ensure fair and equitable distribution.
On August 18, 2022, the NSS unit organized a centralized distribution point near Narula Institute of Technology.

Volunteers set up booths for men's, women's, and children's clothing, allowing recipients to choose items according to their needs.

Local community members were invited to participate in the event, fostering a sense of community involvement.
Information on maintaining hygiene and proper care of clothing was shared with the recipients.

The NSS unit maintained records of the distributed items, including the number of recipients and the types of clothing provided.

Outcomes of the Event: The Cloth Distribution Drive was highly successful in providing clothing assistance to those in need. The active participation of NSS volunteers and the generosity of the institute community contributed to the distribution of a diverse range of clothing items. The event not only met a basic necessity but also promoted a sense of dignity and self-worth among the recipients.

# ORPHANAGE VISIT

## NIT, AGARPARA|JULY 24, 2022

**Objective of the event:** Provide emotional support, companionship, and moments of joy to the children residing in the orphanage.

**Number of Participant:** 123

**Description of the program:**

The primary objective of our visit was to interact with the children, understand their needs, and explore ways in which we could contribute to their well-being and development.

The students started the visit with an introduction session, allowing both the children and the NIT students to get to know each other better. Ice-breaking activities, such as games and interactive sessions, were conducted to create a comfortable and engaging environment.

NIT students conducted educational workshops tailored to the age groups of the children. Interactive learning sessions included science experiments, storytelling, and basic mathematics exercises. A session on health and hygiene was organized to educate the children on the importance of cleanliness and personal well-being. Hygiene kits, including soap, toothpaste, and other essentials, were distributed to each child.

The students organized various recreational activities, including art and craft sessions, sports, and group games, to promote a sense of joy and camaraderie. A cultural exchange program was arranged, where the NIT students showcased their talents through music, dance, and other cultural performances. This provided an opportunity for the children to experience different cultures and art forms.

The visit left a positive impact on both the NIT students and the children at the orphanage. The students expressed gratitude for the opportunity to make a difference in the lives of the children, while the children enjoyed the engaging activities and interactions.

Outcome of the event:

The visit to your orphanage was a fulfilling and enriching experience for all involved. We look forward to the possibility of future collaborations and endeavours that contribute to the holistic development of the children under your care.
